2018 - 2022	Yes	GHT	72,000,000	In 2018, the Government announced that it would invest \$72 million to continue the Victorian Racing Industry Fund (VRIF) to provide certainty for metropolitan, regional and country racing clubs by supporting projects and race meetings that increase attendance and grow the industry from the grass roots to elite level. Between November 2014 and December 2019, the Labor Government has provided \$11.5 million in grants to the greyhound racing industry through the Victorian Racing Industry Fund, supporting more than 150 projects.	https://djpr.vic.gov.au/_data/assets/pdf_file/0011/1868888/VRIF-Program-Guidelines.pdf	https://www.miragenews.com/education-support-for-new-greyhound-racing-code/	VRIF has historically been funded through the return of on-course wagering taxes and unclaimed wagering (totalisator) dividends to the industry. Over the past eight years the amount of funding available from those sources has declined. This is due, in part, to a decrease in the wagering tax rate in 2012 and the increase in account-based betting (lower levels of unclaimed dividends)". Labor has guaranteed that VRIF will remain at \$72m across the next four years regardless of any future changes to the level of unclaimed dividends
Jun 2015-Jun 2018	Yes	GHT	72,000,000	The Andrews Labor Government bolstered the Victorian Racing Industry Fund (VRIF), investing \$86 million in racing and training venues across the State. The funding boost was confirmed as part of the 2015-16 Victorian Budget, fulfilling the Labor Government's election promise to renew the VRIF for a further four years. It includes \$72 million in new funding, and \$14 million unspent since the fund commenced.	https://www.martinpakula.com.au/media-releases/keeping-victorian-racing-strong/
