STEWARDS ADVICE: A Solo Exhibition Trial was held after Race 1 this evening for FANTA BALE. The greyhound left from Box 2 and raced 520m in a time of 30.06.

BARCA STRIKER jumped the inside fence of the Catching Pen at the completion of Race (3). Upon review, the Stewards are concerned that this may now be a learned behaviour and as such, the likelihood of this re-occurring, with this greyhound, is high. This is deemed to be a safety issue for this greyhound at Cannington. As such, BARCA STRIKER will not again compete at Cannington until a satisfactory trial, to the satisfaction of the Stewards, is completed. This penalty applies to Cannington only and BARCA STRIKER can return to Mandurah, as he has competed there until now without issue. Greyhounds WA Management will be advised of this issue for possible remediation work with the height of the fence.

The Stewards, Veterinary Surgeon, WAGRA Track Staff and Management in conjunction with the Industry Consultative member conducted a track inspection following the conclusion of Race 5, after two significant injuries to greyhounds occurred in Races 4 and 5 respectively. After concerns were raised with the Track Staff about the inconsistency and firmness of the track, particularly in the area between the 1m and 3m mark from the inside running rail. The Track Staff were offered the opportunity to remediate the issue. After these works were carried out, no improvement was apparent and the Stewards along with the Veterinary Surgeon, WAGRA Management and Industry Consultative member all formed the opinion that the race surface was unsuitable for racing and subsequently the race meeting was abandoned. Weights for greyhounds engaged in Race 6 through 12 were voided.
