

Tasmanian Labor supports Greyhound racing – we have for our entire 120-year history.

The Greyhound racing industry supports hundreds of jobs, small businesses, and regional communities making a significant financial contribution to our economy.

Tasmanian Labor are absolutely committed to animal welfare and the humane treatment of animals within the racing industry. We support continued Government funding to Greyhound Racing to ensure adequate governance of the industry and compliance with animal welfare standards.

Tasmania's Parliament recently passed landmark integrity and animal welfare legislation, supported and strengthened by Labor which will provide increased confidence in the industry. Labor welcomes the legislative changes and new governance structure and will of course continue to monitor compliance to these standards.

Yours sincerely,

**Dean Winter MP**  
Tasmanian Labor Leader & Member for Franklin
