Amy McMahon
President
Coalition for the Protection of Greyhounds

Dear Amy,

Thank you for providing the opportunity for us to respond to the Coalition for the Protection of Greyhound's election request.

I am responding on the Tasmanian Greens' behalf.

The Tasmanian Greens support ending the funding deed for greyhound racing as soon as possible, and for a total ban on this cruel and inhumane industry as has occurred elsewhere in Australia and New Zealand. To that end, the Tasmanian Greens recently commissioned researchers from the University of Tasmania School of Social Sciences to develop a just industry transition plan for the greyhound racing industry in Tasmania.

The Tasmanian Greens will continue to fight for animal justice and for an end to industries that profit from the misery of animals.

Thank you for asking for the Greens position on these matters, and for your ongoing advocacy for animal welfare.

Warm regards,

A handwritten signature in blue ink, appearing to read 'C. O'Connor'.
